Midwest Global is a Cleveland based full service, warehousing, distribution and packaging service provider. Our goal is to provide client partners with an immediate and flexible regional presence, or service expansion without long term capital, or labor investment.

Utilizing a full featured Warehouse Management System and a hands-on management approach, Midwest Global is dedicated to aiding customers with continual process and cost improvement while focusing on customer service.

Midwest Global is your Supply Chain Partner for reducing costs, improving customer service, and optimizing your available facility space. We are hands on, working in unison with you to provide demonstrable, flexible, and measurable error free supply chain execution, on time & complete. Our commitment to you is the same at any level of service you require.

We know you have many other service provider choices for warehousing and distribution services. Our distinction is we are serious about serving you! We have the experience and know how to back it up. We don't just promise customer service at the highest levels, we deliver it!
